

THE PERIODICAL NEWSLETTE OF THE DEPARTMENT OF EDUCATIONAL TECHNOLOGY

First Issue - April 2026

Under the auspices of His Excellency the Dean of the College, Prof. Dr. Hossam Hamdy, the Department of Educational Technology is pleased to present the first issue of its educational newsletter. This initiative stems from a firm belief in the department's pivotal role in supporting the journey of educational development, and enhancing the integration of modern technologies into the educational process .based on solid scientific and pedagogical foundations This newsletter aims to serve as an effective communication window to highlight the department's activities, academic and training programs, and to document its continuous efforts in the fields of teaching, scientific research, and community service

ISSUE EDITORIAL

During the past period, the department has witnessed a remarkable scientific and ,professional momentum, featuring a diverse range of initiatives, programs workshops, and student activities, alongside the research contributions and scholarly engagements of the faculty members. Hence, the idea of this newsletter came to light to cast a spotlight on these endeavors, highlighting the achievements that reflect team spirit, collaboration, and commitment to the standards of quality and excellence. Through this issue, the department seeks to consolidate a culture of transparency and knowledge sharing, and to establish an effective platform that contributes to the exchange of expertise and constructive ideas, thereby supporting the development of educational practices to keep pace with the rapid digital ".transformations in the field of education

We also hope that this newsletter will represent a documented record of a legacy of giving, and a benchmark that reflects ,the development of academic and professional performance within the department. As we present this first issue to you we look forward to the continuation and development of this effort through your contributions and suggestions, believing that successful institutional work is built upon cooperation and integration. We hope this newsletter will serve as an inspiring step toward further giving and distinction, and a motivation to continue diligent and innovative work in service of ".the educational institution and society
